

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

# **KUWAIT UNIVERSITY - MISSION, GOALS and PHILOSOPHY**

## **MISSION OF UNIVERSITY:**

The main mission of Kuwait University is to benefit from the fruits of knowledge, scientific and cultural heritage and intellectual production, in addition to the development of human wealth and the promotion of its potential for production, on social and civilization levels. The contribution of community service and development is as follows:

1. Preserve, enrich and develop knowledge, and work hard to ensure its publication and progress on both the national and human level.
2. Disseminate science and prepare specialized and well-qualified staff in various branches of learning, depending on age.
3. Preserve the scientific heritage and transfer it to the generations through education and training.
4. Raise the development of the country's youth, intellectually, spiritually, morally and physically.
5. Participate in the economic, social and cultural development of society.
6. Strengthen scientific and cultural relations between the University and other educational institutions that share its objectives in their missions and goals on local, Arabic, Islamic and international levels.

## **GOALS OF UNIVERSITY:**

1. Prepare and provide leadership in various professional and scientific sectors in society.
2. Prepare the intellectual development of Kuwait's youth, so they can express their opinions freely, both practically and scientifically, within the framework of society's traditions and values by understanding and responding to its problems and challenges.
3. Follow up scientific advancement in all branches of knowledge and participate in utilizing scientific research as a tool to expand the limits of human knowledge, so as to be able to solve these problems in all sectors, and endeavor to develop it on the economic, social and cultural level.
4. Seriously consider studies related to Arabic, Islamic, Arabian Gulf and Arabian Peninsula civilizations.

## **UNIVERSITY'S POLICIES TO ACHIEVE MISSION AND GOALS:**

1. Draw up an admission's policy that considers the availability of learning opportunities according to the student's scientific needs, readiness, tendencies, aspirations and interests, in view of the available potentials of academic staff, technicians, equipment and utilities, provided that the number of students in the various specializations should be distributed in accordance with the broad needs of social and economic development plans.
2. Develop teaching programs, curricula and learning approaches in a way that considers the student's personality as a whole, so as to develop his/her innovative talents and enable him/her to analyze, infer, explore and solve problems independently by ensuring a scientific atmosphere which is excellent in vitality, research, intellect and good expression, while remembering that discussion and dialogue are the true means to achieve facts.
3. Seriously consider the student as a goal rather than a means, as a student who has human value and is an appreciated citizen, by providing him/her with all the possibilities that guarantee his/her character and potentiality, intellectually, professionally, socially, spiritually and physically. This cannot be achieved unless the student is provided with activities that are complementary to social, cultural, artistic and sports' development.
4. Ensure the availability of all possibilities and a suitable environment for scientific research, both basic and applied, together with concentration on what is related to the problems and realities of Kuwait and Gulf societies, and contribute to finding proper solutions pursuant to the priorities of society's needs and demands.

5. Implement continuous openness to the community to utilize its potential and employ it in serving the University by offering teaching, training and consultation programs, in addition to scientific research, seminars and public lectures, as well as making positive contributions to public life.
6. Continually develop the University, academic staff, technicians and administration through continuous, in-service education by means of academic missions, sabbaticals, training courses, seminars, symposiums and scholarships.
7. Strengthen cultural relations with distinguished Arab and foreign universities and scientific institutions.
8. Emphasize the role of the University as an institution of a dynamic nature that interacts with local, regional and international changes, observe continuous methods of evaluating its programs, and develop performance to face these challenges.

### **HISTORICAL BACKGROUND:**

Kuwait University was founded in October 1966, pursuant to Act No. 29 of 1966 on organizing higher education and related rules and regulations.

1. Kuwait University began with the Colleges of Sciences, Arts, Education and the Woman's College.
2. In April 1967, an Amiri Decree was issued to establish another two colleges, i.e. the College of Law and Shari'a and the College of Business Administration, Economics and Political Sciences.
3. In August 1995, an Amiri Decree was issued to establish the College of Administration Sciences, whereby the College of Commerce was cancelled.
4. In October 1971, an Amiri Decree was issued to separate the College of Science from the College of Arts and Education.
5. In July 1973, an Amiri Decree was issued to establish the College of Medicine.
6. In December 1974, an Amiri Decree was issued to establish the College of Engineering and Petroleum.
7. On 16/8/1977, an Amiri Decree was issued to establish the College of Higher Studies.
8. On 17/5/1980, the College of Education was separated from the College of Arts, and an Amiri Decree was issued to establish the College of Education.
9. In October 1981, an Amiri Decree was issued to establish the College of Shari'a and Islamic Studies after it had been separated from the College of Law and Shari'a.
10. On 13/1/1982, the Center of Health Sciences was founded by a Decree of the Minister of Education and the president of Kuwait University.
11. On 22/6/1982, an Amiri Decree was issued on establishing the Faculty of Allied Health Sciences and Nursing, after which the programs of Allied Health Sciences were separated from those of the College of Medicine.
12. On 16/5/2004, Amiri Decree No. 150/2004 was issued on amending the Faculty's name, so it was changed to the Faculty of Allied Health Sciences.
13. On 3/2/1996, Amiri Decree No. 28 of 1996 was issued on establishing the College of Pharmacy in Kuwait University.
14. On 28/5/1996, Amiri Decree No.105 of 1996 was issued on establishing the College of Dentistry in Kuwait University.
